CITY OF DORAL

HOUSING MASTER PLAN

Public Workshop

About the Project

Thank you for attending this Public Workshop for the City of Doral Housing Master Plan. The City has recognized there is a shortage of workforce housing in our community. We seek to create a master plan focused on public/private sector solutions, to provide housing units that may be affordable to young professionals, City employees, and others who commute into our community for work every day.

What is the Purpose of this Workshop?

- Your input on issues and opportunities related to this study is important to us! Today, you'll have an opportunity to review the initial findings of our housing assessment, and to share your insights and concerns about workforce housing in Doral.
 - There is a short introductory presentation at 6:10 pm and repeated at 7:10 pm which will provide background on the study.
 - Following the presentation, please visit the open house portion of the workshop, review the boards, and provide input at your own pace. Members of the consultant team and City staff are on hand to discuss the project and answer your questions.
-
