Good afternoon All,

Below please find my comments and advise if you have any questions or additional comments:

- The application includes a graphic that shows a road closure on NW 84 Avenue between NW 53 Street and the southern driveway. As such, a Maintenance of Traffic (MOT) permit application will need to be submitted and approved by the City's Public Works Department. The MOT plan that accompanies the permit application will need to be developed by a qualified person and will need to show the appropriate placement of barricades and detour signs. Additional comments may be provided once the MOT permit application is submitted.
- Two off-duty Police Officers will be required for traffic calming and crowd control. These Officers should be stationed at the road closures and should be reflected on the MOT plan.
- Please confirm if there is sufficient on-street parking in the area of the event for the expected number of participants.
- Written notification of the event and road closure should be provided to the community south of the school. It is suggested that a variable message signs be placed in the area of the school a couple days before the event in order to inform of the road closures.

Please advise if there are any questions.

Respectfully,

Michael,

Please advise the applicant that there will be one officer stationed at each intersection where there will be barricades (on NW 53rd Street and NW 83rd Court along NW 84th Avenue) referencing traffic positions only so the M.O.T. can meet the requirements of PW. There will be 2 more officers stationed inside the event area for crowd control.

Thank you!

Good Morning Jorge,

I hope all is well!

Just as an FYI, we had already increased the staffing for this event and will assign one (1) officer to each intersection the applicant is requesting to close to keep the integrity of the barricade and to assist with traffic flow. Should you need anything please feel free to contact me.

Thank you!

Good Morning Michael,

I will make contact with Ms. Susan Montoya on the following event, however, I do have a comment:

- On the site map it shows only barricading the avenue on NW 53rd Street on 84th Avenue. I recommend that the promoter submit a M.O.T to PW for approval as road closures must be approved by their department and the map does not indicate barricades on NW 83rd Ct.
